2024 Events:

Poverty and Wealth on Postwar Long Island

Mon, **April 22**, 6:30-8 pm

On-Line Book Talk: Focusing on Long Island, America's richest postwar suburb, **Tim Keogh**, author of *In Levittown's Shadow* reveals how the U.S. government created both prosperity – and poverty -- after World War II. The GI Bill and other federal mortgage programs fueled postwar middle-class wealth for some suburbanites -- allowing them to buy single-family homes and leave the working class – while cramming others into suburban attics, basements, and sheds. Not covered by New Deal labor law, a large, diverse cohort of suburbanites remained impoverished. They mowed lawns, constructed houses, scrubbed kitchen floors, and stocked retail shelves. Policymakers ignored the negative features of suburbia -- depicting housing segregation as the cause of inequality and dispersing the poor as the solution, even as suburbs began to outpace urban and rural areas in terms of poverty.

Natalie Foster and Tressie McMillan Cottom Discuss *The Guarantee*

Tu, **May 21**, 6:30 – 8 pm

Book Talk: Author **Natalie Foster's** *The Guarantee* asks us to imagine an America where housing, health care, a college education, dignified work, family care, an inheritance, and an income floor are not only attainable by all but guaranteed, by our government, for everyone. Pie-in-the-sky thinking? Foster argues our current economic system is chock full of government-backed guarantees, from bailouts to bankruptcy protection, to keep the private sector in business. So why can't the same be true for the rest of us? In conversation with University of North Carolina-Chapel Hill & MacArthur Fellow **Dr. Tressie McMillan Cottom**. Philoine Fried Awards/

Book Talk: *A Power among Them: Bessie Abramowitz Hillman and the Making of the Amalgamated Clothing Workers of America*

Thurs, **May 23**, 7-8 pm

Zoom Awards Ceremony/Book Talk: Join the NY Labor History Association in celebrating cellist **Daryl Goldberg**, 2024 winner of the Philoine Fried Award & proud member of American Federation of Musicians Local 802. The Philoine Fried Award is given annually to a rank-and-file union member who makes outstanding, heretofore underappreciated efforts to support her union. Old-time trade unionists speak of “Jimmy Higgins,” individuals who generously, selflessly volunteer their time for the betterment of their union. **Daryl Goldberg** richly fits description, volunteering her time in 100s of bargaining negotiating sessions & helping to bring into creation free-lance orchestras to enrich the lives of New Yorkers. **Karen Fisher**, AFM Local 802 Financial VP & Supervisor, Concert, Ballet, & Opera, will present the award.

After the 15-minute award presentation, biographer **Karen Pastorello** tells the story of Bessie Abramowitz Hillman -- Russian immigrant, protegee of Jane Addams, a leader of the historic 1910 strike in Chicago’s Hart, Schaffner, Marx clothing factory, & with her future husband Sidney Hillman, co-founder of the Amalgamated Clothing Workers of America. Bessie helped to organize runaway shops in PA in the 1930s. Bridging the gap between Progressive social feminism and the labor feminists of the post-World War II period, Bessie Hillman advocated for leadership positions for women in the trade union movement. She worked to end race and class injustice and improve the quality of life for working women. Bessie is **Philoine Fried**’s mother.

Philoine Fried (1917-2019) was a beloved member of NY Labor History Association, a past president, and -- until she was 99! -- treasurer of NYLHA. She was a tireless volunteer for the Jewish Labor Committee, the Workers Defense League, and a half dozen organizations. Always volunteering, Philoine stuffed envelopes, made phone calls, and did the unglamorous, necessary work to keep her organizations going. The daughter of Sidney Hillman and Bessie Abramowitz Hillman, founders of the Amalgamated Clothing Workers Union of America, Philoine Fried embodied the ideals of the American labor movement.
